Thirty years of HIV 1981 to 2011

POVERTY

1981

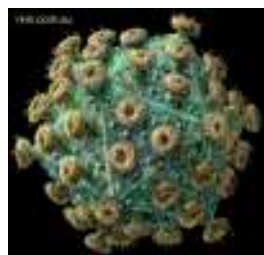

POVERTY

1985 - 1987

POVERTY

1988.....the diagnosis.....

- Face to face with stigma
- Isolation
- Stress
- Mono therapy
- Fear
- No social support
- Desperation

POVERTY

1994 - 1996

POVERTY

1996.....

POVERTY

8

HIV Activism

- Back to life
- Sharing experiences
- Empowering others
- Treatment literacy

POVERTY

Milestones

- Prevention of mother-to-child transmission
- Global Fund, UNAIDS
- Microbicide & vaccine trials
- Fixed dose treatment
- Treatment as prevention
- Involvement of people living with HIV

10

POVERTY

2011

- Much scientific progress but other things haven't changed much
- A new kind of activism is needed
- Access to treatment for those who need it now should be a priority
- Utilizing the new science and intensifying all other efforts
- Aspiring for a cure

Thank you
