Introduction

BHIVA has developed a one-day course for the HIV physician on the care of the HIV-infected patient in general medicine services. The course will focus on managing medical issues arising with HIV and general medicine topics in diagnosed patients for the HIV doctor.

The course is open to a limited number of delegates and contains eight interactive workshops. Registration has been limited primarily to BHIVA members who are of consultant, associate specialist or staff grade.

We are pleased to welcome you to the **NCVO** in central London which has all the necessary facilities to comfortably accommodate this important educational course.

We very much hope you will enjoy the course and find it of relevance to your educational needs when working in general medicine services.

Course Directors

Professor Martin Fisher *Brighton and Sussex University Hospitals NHS Trust*

Dr Ranjababu Kulasegaram *St Thomas' Hospital, London*

Dr Mark Nelson *Chelsea and Westminster Hospital, London*

6 CPD Credits

Unique reference number: **91599**

Programme

(All sessions will take place in Room 7, First Floor, unless stated otherwise)

0855–1525 **Registration** open at the NCVO

0925–0930 **Welcome** Professor Martin Fisher *Brighton and Sussex University Hospitals NHS Trust*
Dr Ranjababu Kulasegaram *St Thomas' Hospital, London*

Workshops 1 to 4

- | | |
|--|--|
| (1) Liver
<i>Room 5, First Floor</i> | Dr Ashley Brown <i>Imperial College London</i>
Dr John Walsh <i>Imperial College London</i> |
| (2) Chest
<i>Room 6, First Floor</i> | Dr Katharine Hurt <i>Royal Sussex County Hospital, Brighton</i>
Dr Laura Waters <i>University College London Medical School</i> |
| (3) Cardiovascular
<i>Room 7, First Floor</i> | Dr James Coutts <i>St Thomas' Hospital, London</i>
Dr Andy Ustianowski <i>North Manchester General Hospital</i> |
| (4) Sepsis
<i>Please check location onsite</i> | Dr Sanjay Bhagani <i>Royal Free Hospital, London</i>
Professor Rob Miller <i>University College London Medical School</i> |

1525–1545	<i>Afternoon tea</i>				
1545–1630	Workshops: 5 to 8	GREEN		RED	YELLOW
1635–1720	Workshops: 5 to 8	YELLOW	GREEN		RED

1720–1730 **Summary** Professor Martin Fisher *Brighton and Sussex University Hospitals NHS Trust*
Dr Ranjababu Kulasegaram *St Thomas' Hospital, London*

Course Information

Registration

Registration includes access to the plenary and workshop sessions and refreshments as outlined in the conference programme.

Delegate badges

Badges must be worn at all times to gain access to the lecture theatres, exhibition and catering area. At registration you will be handed a colour-coded badge (**red, yellow or green**), which shall determine the order you will attend the various workshops throughout the day.

Continuing Professional Development (CPD)

Medical staff in career grade posts who are enrolled with one of the Royal Medical Colleges for Continuing Professional Development will be entitled to receive CPD credits at the rate of one per course hour. This event has been allocated 6 CPD credits and the unique reference code is **91599**. Please be advised that the attendance list for the course will be kept on file for reference by the Royal College of Physicians.

Venue

NCVO Society Building · 8 All Saints Street · London N1 9RL
 Telephone: 020 7713 6161 · Website: www.ncvo-vol.org.uk

King's Cross Station can be accessed via:

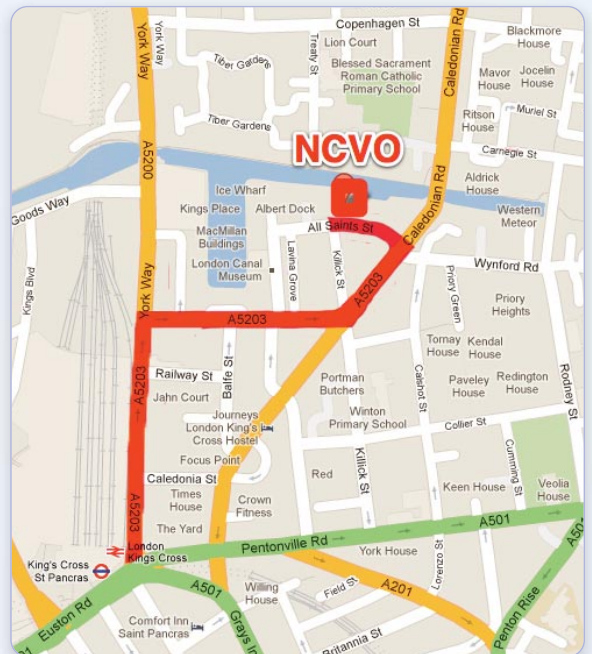

- Piccadilly Line
- Circle Line
- Victoria Line
- Hammersmith and City Line
- Northern Line
- Metropolitan Line

By National Rail

London King's Cross:	5–10 minutes' walk.
London Euston:	1 stop to King's Cross.
London Victoria:	4 stops to King's Cross.
London Liverpool Street:	4 stops to King's Cross.
London Waterloo:	8 stops to King's Cross.

By car

The course venue can be accessed by car. Please note that the venue is in the Congestion Charge zone. There are parking meters in the surrounding streets.

Biographies

Sanjay Bhagani is a Consultant Physician in Infectious Diseases and HIV Medicine at the Royal Free London NHS Foundation Trust. He has a special interest in the management of complex HIV infection, including difficult opportunistic infections and the management of viral hepatitis in HIV-infected patients.

Ashley Brown graduated from Liverpool Medical School. He undertook postgraduate training in hepatology in Newcastle-upon-Tyne where he was awarded an MD for research into the pharmacogenetics of alcohol metabolism. He worked as a consultant on liver units in Australia and the UK before taking up his current position at Imperial College Healthcare in 2002. He has a major clinical interest in viral hepatitis and is currently conducting a number of studies into novel therapies for HBV and HCV.

James Coutts trained at Oxford University Medical School, with medical qualification in 1989. He became a member of the Royal College of Physicians by examination in 1992, and subsequently a fellow in 2006. After training in general medicine he undertook three years' training in intensive care, before specialising in cardiology. He was appointed Consultant Cardiologist at Guy's and St Thomas' Hospitals in 2002. He has a specialist interest in coronary intervention (angiography and angioplasty for ischaemic heart disease), in addition to working in general cardiology and general medicine.

Graham Dodge is a consultant radiologist with special interest in gastrointestinal and intestinal intervention since qualifying in 1988. He currently works at Brighton and Sussex University Hospitals NHS Trust.

Martin Fisher is a Consultant in HIV/GUM at Brighton and Sussex University Hospitals NHS Trust. He is responsible for the outpatient and inpatient management of a large cohort of HIV-infected individuals, and leads an active research team. He is currently an Executive Committee member of the British HIV Association, a member of the HIV Special Interest Group of the British Association for Sexual Health and HIV, and is an examiner and former Convenor of the national Diploma in HIV Medicine. He was co-chair of the 2008 UK HIV Testing guidelines, as well as being a member of numerous other guidelines committees. His main clinical and research interests are in antiretroviral therapy, primary HIV infection, strategies to improve the diagnosis of HIV infection, HIV and hepatitis co-infection, and the interplay between HIV and other sexually transmitted infections.

Ian Gabriel holds a joint consultant post at both Chelsea and Westminster and Imperial College NHS healthcare trusts. He trained at St Mary's Hospital Paddington and completed his haematology training in London. In 2008 he was awarded the Frank Cass Scholarship to pursue research into the role of killer immunoglobulin receptors in post-transplant tumour eradication and haematopoietic reconstitution, and graft versus host reactions, in the laboratory of Professor K Rezvani. His main interest is in haemato-oncology and stem cell transplantation. He is a member of both the acute leukaemia and lymphoma working parties of the European Blood and Marrow Transplant Group (EBMT) and a founder member of the European Consortium for Stem Cell Mobilisation (ECOSM). His areas of particular interest are transplantation for cutaneous T-cell lymphomas, late effects of transplant and post-transplant immunology. Ian has a strong interest in the haematological complications of HIV infection and was part of the EBMT group which demonstrated efficacy and safety of autologous stem cell transplant in HIV-positive patients with relapsed lymphoma. He runs a newly created HIV-haematology joint clinic at Chelsea and Westminster.

Yvonne Gilleece is a Consultant and Honorary Senior Lecturer in HIV/GUM and Joint Principal Lead Consultant at Brighton & Sussex University Hospitals NHS Trust and is also the Chair of Sussex HIV Network. She is the Lead for HIV in Pregnancy, Conception and Reproductive Health, Hepatitis and Liver Dysfunction as well as being clinical supervisor for a PhD on HIV and Bone. She is Vice Chair for the BHIVA guidelines on HIV in Pregnancy and an author of the Adult Treatment Guidelines and HIV-2. She is a member of the BHIVA Audit Committee, BASHH HIV SIG and teaches for the Diplomas in GUM and HIV and the BHIVA HIV Inpatient Course.

Paul Holmes is a Consultant Neurologist at Guy's and St Thomas' Hospital and an Honorary Senior Lecturer at King's College London. His main work is providing an acute liaison neurology service during which time he has developed an interest in the neurology of HIV infection, intensive care neurology and stroke.

Katharine Hurt is a Respiratory Physician at Brighton and Sussex University Hospital. Her specialist interests include cystic fibrosis, bronchiectasis, respiratory infection and non-tuberculous mycobacterial disease.

Rachael Jones is a Consultant in HIV and Sexual Health at the Chelsea and Westminster Hospital, London. Her major interests are the medical complications of HIV, and she runs a combined HIV/renal service with a consultant nephrologist. She has been involved in writing local and national guidelines on HIV and sexual health.

Biographies

Ranjababu (Babu) Kulasegaram is a Consultant in HIV/GU Medicine at St Thomas' Hospital and leads the HIV Treatment Advice Clinic with special interests in HIV/hepatitis, haemophilia/HIV infection, HIV/neurocognitive function and HIV inpatient management. He is committed to enhancing BHIVA's educational activities through his involvement as a past Vice Chair of the BHIVA Educational and Scientific Subcommittee, a member of the Conferences Subcommittee and of the E-Learning Working Group. Babu is also a past Chair of the BHIVA Hepatitis Society and is an examiner for the Diploma in HIV Medicine.

Jeremy Levy is a Consultant Nephrologist at Imperial College Healthcare NHS Trust and Chelsea and Westminster Hospital, Professor of Medicine and Medical Education for Imperial College London, and Director of Education for Health Education NW London. He trained in Cambridge, London and Oxford. He has major clinical and research interests in immune-mediated renal disease (vasculitis, SLE and other glomerulonephritides), HIV and kidney disease and chronic kidney disease, and has written textbooks on dialysis and nephrology.

Rob Miller is Reader in Clinical Infection at University College London (UCL), Honorary Professor at the London School of Hygiene and Tropical Medicine, and Honorary Consultant at Camden Provider Services NHS Trust and UCL Hospitals NHS Trust. His research interests relate to the effects of HIV on innate immunity and the respiratory complications of HIV infection, particularly *Pneumocystis jirovecii* pneumonia and tuberculosis.

Mark Nelson is a Consultant Physician at the Chelsea and Westminster Hospital, London. Dr Nelson trained at Jesus College, Cambridge and Westminster Hospital Medical School from where he qualified in 1986. He was appointed Consultant Physician at this hospital in 1991 where he is presently the Lead for HIV Inpatient and Day Case Care and is a Reader at Imperial College Medical School where he is also the Deputy Senior Tutor. Since that time he has built a large HIV practice with a special interest in HIV inpatient care, co-infection with hepatitis B and C and the clinical utility of new antiretroviral agents. He has published over 500 papers on HIV and hepatitis. Dr Nelson sits on the Executive Committee of the British HIV Association where he is co-chair of the writing groups for opportunistic infections and for hepatitis C. He is a member of the writing groups for malignancy and for HIV transmission. He was Chair of the BHIVA Hepatitis Society and is a past Chair of the BHIVA Education and Scientific Subcommittee. He is a trustee of several charities associated with HIV including the International Association of Physicians in AIDS care (IAPAC). He is now devoting most of his charitable time to GREENSHOOTS where he is establishing HIV treatment networks in Burma and Vietnam. He has been awarded a visiting professorship at the Aga Khan Hospital, Nairobi, Kenya and most recently the certificate of merit by the government of Vietnam.

Kevin Shotliff has been a Consultant Endocrinologist at Chelsea and Westminster Hospital for over 11 years and, with four consultant colleagues, runs a diabetes and endocrinology service with specialised HIV, diabetes and endocrinology clinics. He has an interest in diabetes microvascular complications and associated hypogonadism.

Melinda Tenant-Flowers is Consultant in HIV/Sexual Health at King's College Hospital, London. Her research interests include HIV oncology and HIV testing. She contributed to the 2013 BHIVA Malignancy guidelines, BHIVA E-Learning CPD and is a member of the BHIVA Education/Scientific and Conferences Subcommittees and an examiner for the Diploma in HIV Medicine.

Andrew Ustianowski is a Consultant in Infectious Diseases at the North Western Regional Infectious Diseases Unit, Manchester, which has a cohort of over 2000 HIV-positive patients. He has been part of guideline writing committees for BHIVA and other bodies, and has lectured nationally and internationally on HIV and related topics. His main clinical interests are in HIV, viral hepatitis and tropical medicine.

John Walsh has worked at St Mary's Hospital and Imperial College Healthcare NHS Trust as a Consultant in HIV and Sexual Health since 2001. He is a member of the BHIVA Treatment Guidelines Writing Group and is an examiner for the Diploma in HIV.

John Watson has been a Consultant in Sexual Health and HIV at Birmingham Heartlands Hospital since 2010. He qualified from the University of Liverpool in 1995 and has a keen interest in inpatient care. He has previously worked at Mayday University Hospital and St George's Hospital in London.

Laura Waters is a GU/HIV consultant at the Mortimer Market Centre, London, working predominantly in HIV and hepatitis Outpatients; she is hepatitis lead and HIV inpatient lead. Prior to her current appointment in 2012 she worked in clinical trials at Chelsea & Westminster and Brighton, completing an MD on the antiretroviral simplification and switch. She has published and presented widely on topics including drug toxicity and contraception for HIV-positive women, is Vice Chair of the BHIVA ART Guidelines and chair of the BASHH HIV SIG.
