BHIVA

## Changed prognosis

### JIM

- Accountant living in Oxford
- Diagnosed for 10 years
- Lives with long-term partner who is aware of Jim's diagnosis
- Established on effective therapy
- Registered with supportive GP
- Elevated cholesterol
- Hypertension

27/11/2014

BHIVA

## Altered Landscape

- RICK
- 24 year old barman in Manchester
- Lives with friends
- Diagnosed HIV positive at the GU service
- Multiple sexual partners
- Recreational drugs at the weekends
- No GP

27/11/2014

BHIVA

Its still complicated

- CHRISTINE
- 48years old supermarket worker in Hackney
- Presents to A and E with a seizure
- Diagnosed HIV positive in acute admissions ward
- MRI: multiple space occupying lesions
- Insists that no one should be told of her HIV diagnosis

“Our values haven’t changed, but the world has”

- Dissolve traditional boundaries
- Manage systems rather than organisations
- Out of hospital care Integrate around the patient
- Learning from others
- Evaluating what we do

27/11/2014

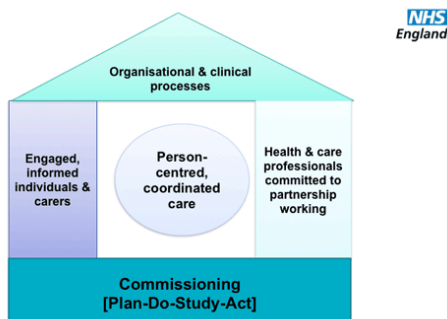

BHIVA

- Public Health England working with NHS England
- Prevention to become part of everything we do
- Clinicians concern must be for their patients and their populations

27/11/2014

BHIVA

- Integrated person - centred care
- Coordination across health and social care
- Person defined outcome measures

02/04/2014

15

## Money

- LGA model: likely funding gap of £16.5 billion a year by 2019/20. = 29 per cent shortfall between revenue and spending pressures
- Services face cash cuts of more than 66 per cent by the end of the decade.
- Rethinking the structures of local public services as a whole.
- NHS Funding gap £8 billion

**Standard 10:**  
Participation of people with HIV in their care

.....  
People living with HIV should have opportunities to be actively involved in decisions about their health care. People who use HIV clinical services should have opportunities to be involved in the design, planning and delivery of these services.  
.....

**Rationale**  
Individual decisions about treatment and care

Recognising people  
as assets

Building on people's  
existing capabilities

Fostering mutual and  
reciprocal  
relationships

Strengthening peer  
support networks

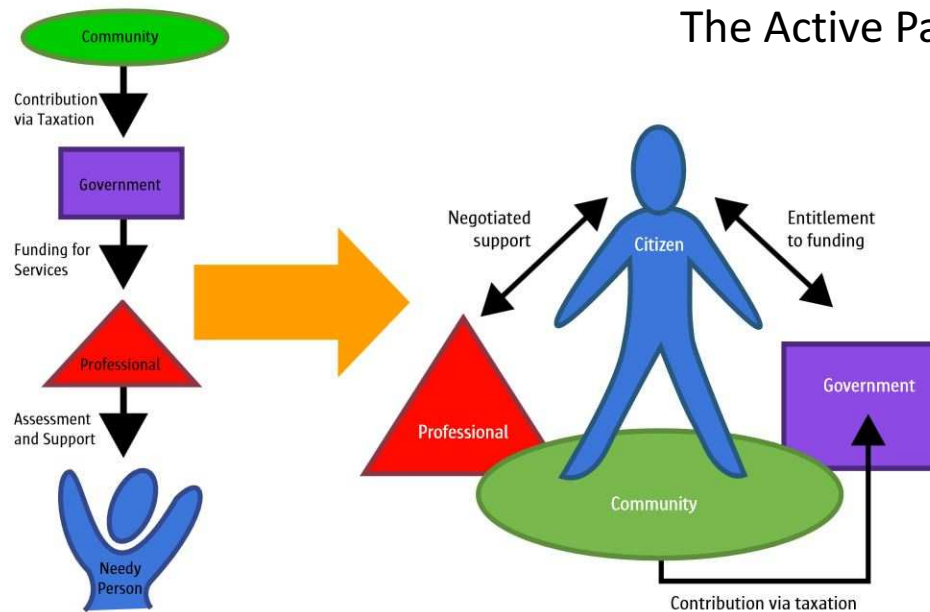

Breaking down  
barriers

Facilitating rather  
than delivering

## Holding it all together

### Pathway management

- ✓ Specialist assessment
- ✓ Triage and referral
- ✓ Integrating care and care providers
- ✓ Shared decision making
- ✓ Skilling up other providers
- ✓ Personal Health planning
- ✓ Supported self management

And.....

Parliament

Department of Health

NHS England

Local Government

This is the future, and it is needed now.

The wide range of skills needed:

- create systems
- build networks
- map pathways
- engage both patients and the public
- manage knowledge
- build and use a budget
- create the right culture
